Island Liquor Displays

-We realize if your purchasing an island style bottle display then you have customers on each side of the bar. This is why all of our island style bottle displays have a double wide top shelf so all your customers can see your entire selection.

-Below is a list of different styles combinations. All of the different options can be mix and matched. We can also create displays with custom dimensions to better accommodate your space.

-Because of all of the various options please contact us for a quote or to purchase an island bottle display.

Custom LED Liquor Displays

Here at Customized Designs we try to make the sky the limit when it comes to lighting and custom liquor bottle displays. Why be limited to the conventional type liquor shelves when you can create something specialized for you and you're

Illumishelf LED Floating Wall Shelves

- Standard Size Measurements: 4.5"D x 3/4"H or 9" D x 3/4" H
- Our Illumishelf LED Wall Shelves are fabricated in our shop in Denver, CO out of 3/4" frosted acrylic which looks almost exactly like frosted glass. This acrylic is virtually bullet proof and nearly impossible to break.
- These floating shelves are mounted with wall brackets that we supply which clamp the wall shelf and secure it in place. These brackets are easy to install and can be mounted into studs or with the drywall anchors supplied.
- We also install a light diffuser on each wall shelf to eliminate hot spots coming through the front of the shelf.

Note: This pricing below is for the shelf only. You will need a controller and power supply to run each set of shelves.

One controller and power supply can run up to 20 linear feet of shelving.

**Wall mounting brackets are included with each shelf
